Meeting Date: Monday 11:00AM, 26th of April 2023

Attendees:

Kieran: 11:00

Justin: 11:00

Emma: 11:00

Olly: 11:00

Overview

Reviewed the work that has been done since the last meeting and assigned coursework deliverable work to each member.

Catchup

- Justin: Finished implementing Admin portal application, finished writing the project management and system design sections in the final report, wrote the client handbook and implemented project-level authentication across the system.
- Emma: Finished API unit testing just needs to be merged.
- Kieran: Tested Admin portal prototype with the client and wrote introduction and background sections for the final report.
- Olly: Finished Android unit testing just needs to be merged.

To do until the next meeting

- Justin: Create project handover document and test as much of the Admin portal as possible.
- Emma: Create the poster, do the API testing section in the final report.
- Kieran: Write drawing application interface research, client communications and user testing sections in the final report, do the UAT documentation and create the presentation slides.
- Olly: Merge Android testing and write about it in the final report.
