Attendees:

Kieran: 10:30

Justin: 10:30

Emma: No show

Olly: No Show

Catchup

- Kieran has nearly done the Entity Relation Diagram and was still working on getting ethical approval for user testing.
- Justin has updated the Use Case diagram and created Sequence Diagrams for image saving (server and client)

Meeting Overview

During the meeting we reviewed the Trello board, the tasks that still need to be done and what has been completed.

Kieran and Justin then reviewed the Entity Relationship Diagram Kieran has created and adjusted some bits to better suit the projects' requirements.
